✓ Lower Yough Self-Guided Tour Trip Instructions

Welcome to White Water Rentals, Inc. We look forward to working with you to make your upcoming rafting trip a memorable vacation experience. Below are some tips and instructions that will make your rafting day a fun adventure.

✓ Pre-trip check list

✓ To secure your equipment you will need to send White Water Rentals, Inc. \$10.00 per craft. This deposit is nonrefundable less than 21 days prior to your rafting trip. Due to limited space there are no refunds for late cancellations, no shows, inclement weather, or late arrivals. **Please make everyone in your group aware of this policy.** Our trips run rain or shine (you're going to get wet anyway!)

✓ Everyone is required to sign our release form before rafting. Anyone under the age of (18) eighteen must have a parent or legal guardian sign their form. **Request release forms for any minors in the group.** Release forms may be mailed, faxed, or emailed to you. Make as many copies as required. Bring the completed forms with you on the day of your trip.

✓ Please make our customer service representatives aware of groups that do not speak English or physical limitations that guest may have. Rafting is a team effort and all participants are expected to paddle.

✓ Day of Trip

- ✓ Be at the White Water Rentals office located at **6 Negley Street in Ohiopyle, PA 15470** approximately 1 ½ hours before your launch time. Be dressed in your river wear at this time.
- ✓ Please be considerate of our other guests. Have an accurate count of the number of persons in your party and what type of crafts you want to rent. - ✓ Before launching, purchase shuttle tokens from the Ohiopyle State Park for everyone in your group. Cost is \$4.00 per person. This is for transportation for your group and equipment from Bruner Run Take-out and Old Mitchell Parking Lot.
- ✓ At the end of your day on the river (at Bruner Run take-out) Carry the equipment up the hill and board the bus that will take your party and equipment to the Old Mitchell Parking Lot. **Never leave equipment unattended.** You are legally and financially responsible for the equipment you have rented. We recommend against relying on a navigation system or other form of computer generated directions. Computers are machines that do not get car sick traveling curvy roads. Their software programs do not always recommend the quickest, simplest and most-traveled routes. They frequently default to the shortest mileage between two points (often sending drivers through remote areas over very narrow country roads).

Please read through the directions listed below for the route that A REAL HUMAN BEING recommends to get from there to here.
