

MISSISSIPPI AQUARIUM™

JOURNEY FROM THE BROWN TO THE BLUE!

Mississippi Aquarium tells the incredible story of all of Mississippi's aquatic resources from tranquil rivers that flow into the roaring waters of the mighty Mississippi and on to the Gulf of Mexico and the remarkable connection that ties them all uniquely together. We are a premier institution delivering an awe-inspiring entertainment experience that supports animal research and conservation, inspires learning and instills a passion for the aquatic world.

Nestled on a 5.8 acre campus featuring over 300 animal species in 12 habitats, Mississippi Aquarium is an indoor and outdoor experience featuring North American river otters, Atlantic bottlenose dolphins, native freshwater river fish and a variety of sharks and African penguins and many more amazing animals!

For tickets, visit msaquarium.org

Join us for a dolphin watching adventure that includes a tour of the Gulfport Ship Harbor.

Come aboard for a 90-minute shoreline cruise on a quest for Atlantic bottle-nose dolphins and a tour of the Gulfport Ship Harbor. Snack bar service available on board. Please arrive 30 minutes before your departure time. \$20 per person. To make reservation email us shipislandsales@outlook.com. Free bus parking. Groups of all sizes welcomed. Visit our website for reservation form:
