DAWSON CITY | YUKON TERRITORY | CANADA

Welcome to

THE KLONDIKE EXPERIENCE

Welcome to Dawson City, the coolest little town in Canada's spectacular Yukon Territory! I first came to Dawson City in 2006 looking for adventure. Like so many others I fell in love with the culture, the history, and the way of life here. In 2012 I started Husky Bus with the idea of providing Yukoners and visitors with a reliable way to get around the territory and explore all that it has to offer. Not long after, I launched The Klondike Experience — our company now offers everything from scheduled public transportation to vacation packages, daily tours, multi-day backpacking adventure, and more. As if all of that doesn't keep me busy enough, my wife Sarah and I also have two kids, aged 1 and 3 years. We're happy to call Dawson City home! Now I'd like to invite you to come and see what it's all about - bring a back pack, bring a canoe, hop in an RV, or get on the bus. Just don't forget to pack an open mind and be ready for something new and exciting.

INTRODUCING
TOMBSTONE PARK

Tombstone Territorial Park is located on the famous Dempster Highway, just 100 kilometers north of Dawson City. The rugged mountain ranges and sub arctic tundra are home to an array of wildlife and unique vegetation. Most visitors enjoy the park by way of the Dempster, taking in the views from the road, enjoying day hikes, or spending a night at the park's main campground.

Tombstone's backcountry is accessible solely on foot or by helicopter, and is a must-see for the adventurer who seeks a physical test with rewarding scenery. A visit gives one an idea of the wild remoteness of the park. The incredible scenery, combined with the rich First Nations and Ice Age history make a trip to Tombstone Park an unforgettable experience.

When it comes to experiencing the park, The Klondike Experience has something for everyone! Whether you wish to experience the park in a day, explore the wild backcountry, or even see the mountain peaks by air, we have something for you!
