

Dear Parents, Caregivers and Students,

Go Surf School is pleased to have the opportunity to provide your school with Surf and Stand Up Paddleboard Coaching Programs that are fun, safe and educational.

Since 2010, Go Surf School has been teaching the thrill of surfing as well as educating our students on how to identify the dangers of the ocean. We have over ten years' experience in coaching Surf Safety and Surfing Programs to kids from all over Victoria and South Australia.

Each lesson will teach students about ocean awareness and where the safest spots are to surf / SUP and how to keep themselves safe in the water. Instructors will demonstrate correct surf / SUP techniques and how to make safe choices in the water when it comes to catching waves.

**What to bring on the day:**

- sunscreen applied
- wear swimming costumes under clothes
- your own wetsuit if you have one (we will provide you with one if you don't)
- towel
- drinking water
- waterproof bag for wet gear
- a change of clothes

Go Surf School will provide all other equipment including quality soft beginner boards to get them up and riding quickly, Go Surf rash vests to identify students in the water & long wetsuits to keep them warm.

Our local beaches at Port Fairy, Warrnambool and Cape Bridgewater are some of the safest in Victoria and are ideal for beginner surf and SUP lessons.

At Go Surf School we are passionate about delivering high quality, informative and positive surfing experiences, for each of the kids involved. We teach Surf and SUP skills that can last a lifetime and give years of enjoyment and fun outdoor exercise. We can also provide expert advice on buying appropriate surf and SUP equipment. We hope your kids will love surfing as much as we do.

We look forward to seeing your school on the beach!

Regards,

Keith Curtain & Fiona Hampson  
Owners of Go Surf School
