

HYGIENE TOTAL PROTOCOL

"WE ARE MORE PROTECTED AT SEA"

"It's a scientific fact that sand and ocean water are hostile environments for virus"

Our boats are used only for PRIVATE groups. This is why our fleet has a boat for every need or family size, from 2 to 50 passengers.

Laislatour.mx will comply with the following protocol for the security and total hygiene of our passengers and personal

1. We will continue to offer our tours on private basis.
 - a. Families can be at ease knowing they will be surrounded only by their own.
2. Passengers will not make any stops (reception) until they get to their boat.
3. Once on board the boat:
 - a. Boat will always be washed with salt water from the ocean.
 - b. Bathrooms will be disinfected by antibacterial products.
 - c. Crew will have face masks at all times.
 - d. Water tanks on board will be filled with ocean water, washing your hands and use of toilette will be with ocean water, terminating the possibility of viruses on board
 - e. We will have antibacterial gel on board at all times.
4. Food will be packed individually to avoid unnecessary handling.
5. Mixed drinks will be prepared using gloves by the crew.

With a total compromise of protecting our passengers and crew, we will keep a very open mind on seeing what other types of norms or actions are required to achieve this objective.
