MAUI • KAUAI • BIG ISLAND

Owners Ross and Anna Scott, invite you to come fly their Black Beauty helicopters and experience Hawaii's hidden wonders. "We simply want to share the incredible experience of flying in a helicopter over the most awesome terrain

and features in the world. From rainforest to desert, dormant volcanoes to the shore, sea cliffs and valleys, ancient ruins and historic towns." Our experienced pilots provide narration with a rich history and knowledge of the islands. Our reservations staff, friendly customer service crew, experienced pilots and well trained mechanics make your safety and comfort our number one priority.

**Fly the Black Beauties!**

*Experience the Adventure of a Lifetime*

**It's all About the People** - Ross Scott, owner and President has over 56 years of aviation experience and is a decorated Vietnam veteran. His experience has earned Sunshine Helicopters an excellent safety record with over 38 years of operations in Hawaii. "Our greatest asset is our people and their aloha." Sunshine's special aloha begins with our professional reservationists and our aloha continues when you step foot into our flight operations facility where our friendly ground crew will safety brief, pamper and escort you to your helicopter. Our pilot's aloha is unmatched in the industry.

Aloha,

*Ross & Anna Scott*

Ross and Anna Scott

Haleakala Crater "House of the Sun"

Genuine aloha, personal service, gracious & knowledgeable staff is part of what makes Sunshine Helicopters "Above the Rest!" We look forward to serving you.

## Above the Rest

### Commitment to Excellence

Sunshine Helicopters, Inc. was founded in 1985. The company grew from one leased Bell 206B four-passenger helicopter based at Kahului, Maui to present day ten owned helicopters including AStar 350 FX's and our WhisperSTAR EC-130 B4's with operational bases at Kahului, Maui, Hapuna Heliport on the Big Island, Hawaii and Lihue on Kauai. Sunshine's administration and main maintenance facility is on Maui. We differentiate ourselves from the other helicopter companies by presenting our customers with the best helicopter tour experience possible. The goal of each tour is to exceed the needs and expectations of the customer. Our staff accomplishes this with the best customer service in the industry. Our reservations, operations, pilots, maintenance and management pride ourselves in our commitment to our customers, we are above the rest!

**Our professional staff** happily greet you with warm aloha as you check in for your flight. Dispatchers will visit with you as you enjoy Maui coffee or brew a cup of tea, while relaxing in comfortable surroundings in our facility. Our Sunshine Helicopters logo shop provides a variety of affordable memento items and sportswear to browse through.

## Terms and Conditions

- 24-hour cancellation notice required.
- Flight times are an average and may vary a few minutes over or under. We reserve the right to combine different length flights.
- Routes and sights may vary due to weather.
- Photos in this brochure do not indicate actual routes & may be closer than actual tour.
- FAA regulations require 500 ft. above ground level.
- Prices and tour offers subject to change without notice.
- No scuba diving 24 hours prior to departure.
- Children: Under Federal Aviation Regulations, a child under 24 months of age may fly at no charge and must sit on an adult's lap. Please provide child's weight at time of booking. Children 2 yrs. and older must occupy a seat with seat belt on and are charged full fare.
- We reserve the right to reschedule or cancel any tour due to weather, maintenance, safety, weight and balance or management decision.

**Our experienced pilots** provide you with the best tours. Be assured that your comfort and safety is our greatest concern. Not only are they top-notch pilots but excellent narrators as well, providing you with a rich history and knowledge of the islands.

**Our highly qualified maintenance technicians** are FAA certified and factory trained in the latest specialized procedures for airframe and power-plant diagnostics and service.

## Weight & Size Limitation

Helicopter weight and balance changes with every flight because of passenger weight, pilot weight and length of flight (fuel weight). It is important that we have accurate body weight from every passenger. FAA regulations require all passengers and their carry-on items to be weighed at time of check-in. If a standard airline seat belt is too small or you weigh over 240 pounds you may be required to purchase a comfort seat on our FXStar. If you are between 240-290 lbs. we recommend open seating on the WhisperSTAR. Over 290 lbs. may require a comfort seat in our WhisperSTAR. See your agent or call our reservations for more information. Thank you for your cooperation.

## Recommendations

Photography hints: Wear a dark colored shirt to reduce glare on the plexiglass windows. Use a polarized filter on camera lens if possible.

# Moloka'i

Recommended by Ross!

Approx. 55-65 minute flight

See the highlights of West Maui, then whale watch, (in season) across the Pailolo channel to discover Hawaii's tallest waterfalls along Molokai's remote and isolated north shore. View Kalaupapa Peninsula where Father Damien's monument is located before returning through the heart of the West Maui Mountains. (Alternate routes & flight times may apply due to weather.) Molokai's spectacular north shore boasts the world's highest sea cliffs towering some 3,000 feet from summit to shoreline. Along it's coast, you'll discover the remote Kalaupapa Peninsula where Father Damien aided so many with Hansen's Disease (commonly known as Leprosy). Hidden valleys and plunging waterfalls provide stunning scenery for one of the most spectacular aerial tours on earth.

# Hana/Haleakala

Our Most Popular Tour!

Approx. 40-50 minute flight

This excursion offers generous views of Haleakala's magnificent crater. Travel through Maui's most remote areas with views of Hana Town, the Pools at Ohe'o, fabulous coastline waterfalls, and world famous Ho'okipa windsurfing beach on the return.

Ascend the world's largest dormant volcano and discover its immense moonlike crater, large enough to house the entire island of Manhattan from Wall Street to Harlem. Haleakala (literally "house of the sun") offers views of pure iron oxide cinder cones towering over 1,100 feet tall.

Hana's nearly uninhabited "back side" is home to "Ohe'o Pools." The Hana Rain Forest extends for over 180 square miles along Maui's northern coast and is the largest tropical rain forest in our nation.

# Circle Island

Maui No Ka Oi!

Approx. 60-70 minute flight

Explore the Valley Isle in its entirety! Take in the highlights of West Maui with its unforgettable hidden valleys, rugged coastline, prehistoric-like jungle vegetation, and spectacular vistas combined with excellent views of Haleakala Crater, the Pools at Ohe'o and the Hana Rain Forest.

Weather permitting, highlights include: the "Wall of Tears" with over 17 waterfalls flowing at once, Maui's tallest waterfall, Honokohau Falls, over 1,100 feet. Includes views of Launiupoko and Ukumehame Valleys. Take in Old Lahaina Town and the resorts of Ka'anapali and Kapalua. Whale watching in season.

# Private Charters

Let our trained staff create an event tailored to your needs, whether a transfer to/from an outer island or a Big Island volcano charter. Please contact us for details. Minimum 60 minutes.

# Fly in Safety and Comfort

- Customized seats • Unobstructed 180° views
- Custom recorded music • Custom stereo headsets
- Polarized bubble windows • Sky-Cam Video System
- Air-conditioned cabin • Quiet & insulated interior

A video of your actual flight narrated and orchestrated by your pilot with our exclusive state-of-the-art SkyCam Video System is available for purchase.

**Assisted Passengers:**  
A portable lifting device is available for those customers needing special assistance. Please advise of any special requests.

Whisper STAR

**EC-130 B4 WhisperSTAR** is the ultimate in sightseeing helicopters. More interior room, more visibility with added plexiglass and elevated rear seats. Sunshine customizes the standard factory interior with business and first class seating to further enhance passenger comfort and visibility. Experience the superb quiet and ultra smooth most advanced technological sightseeing helicopter ever!

**WhisperSTAR First Class Seating:**  
The three front seat configuration is replaced with two front seats. Passengers enjoy "First Class" seating next to the pilot, with extra arm and leg room. Maximum combined weight for two passengers: 490 lbs.

**WhisperSTAR Open Seating:**  
Up to six-passengers, seat assignment determined by weight and balance.

FX STAR

**AS-350** is the industry standard "Black Beauty" has all forward facing customized bench style seats giving excellent visibility. Sunshine has flown over 1.2 million satisfied passengers in our "Black Beauties" since 1985. Upgraded in 2008 to the all new AStar 350FX, the "FX" carries more weight, flies faster, is quieter and more fuel efficient. The increased capacity allows the FX to have "First Class" seating. Ross Scott, President says "the FX is the most environmentally friendly helicopter we operate with a lower noise footprint and 25% less fuel burn. It raises the bar for green helicopter air touring in Hawaii."

**FX First Class Seating:**  
Passengers enjoy "First Class" seating next to the pilot, with extra arm and leg room. Maximum combined weight for two passengers: 400 lbs.

**FX Open Seating:**  
Industry standard six-passengers, seat assignment determined by weight and balance.
