

DOWNWIND SAILS WATERSPORTS

-2985 S OCEAN BLVD - MYRTLE BEACH - SC - 29577
(843) 448 - 7245

HEALTH & SAFETY

Our number one priority is the safety and health of our valued customers, as well as our team. This protocol was formed based on the recommendations from OSHA, CDC, and MBAHA

COVID-19 PROTOCOL

Maintaining adequate space between patrons is crucial to implementing social distancing. Downwind Sails strives to ensure that all employees and patrons experience a fun, rewarding and safe environment.

In an effort to implement these guidelines as a team, we are adjusting our everyday operations to accommodate and supplement safety precautions.

SOCIAL DISTANCING

- Maintaining adequate space between patrons in line is crucial to implementing social distance
- “Guest Flow” plan will consist of placing labeled signs to indicate direction of foot traffic in order to avoid forming crowds
- Social Distancing signs will be placed at both entrances as well as on the beach surrounding activities
- Marked cones will be placed in increments of 6ft from the register to establish a safe distance while in line
- Marked cones will also be placed at each activity on the beach to maintain social distancing
- Plexiglass installed in front of register to act as a “sneeze guard” in order to protect our employees and customers
- Post signage regarding what procedures are in place, both on location as well as online.
- Continue to follow all established USCG regulations, including restricting the number of passengers allowed on boats to a maximum of 6 at a time (not including captain and crew members)
- Gloves and masks will be made available for customers upon request
- Sanitizing stations will be placed throughout the workplace and available for the use of both customers and employees

HEALTH & SAFETY

Our priority is to ensure the wellbeing of our team and patrons by implementing new protocols that help maintain a healthy and safe work environment.

All employees will be provided a copy of our new health and safety procedures as well as proper training in order to insure they are executed properly and professionally.

SANITIZED ENVIRONMENT

- Countertop surfaces, clipboards and pens are to be sanitized after each customer
- Hand sanitizer is available for use for both customers and employees in multiple locations
- Upon request, sanitary face masks and gloves are available for each patron
- All equipment will be disinfected and sanitized after each use. This includes office supplies, life jackets, shuttle boats, banana boats, sailboats, kayak & SUP equipment, and jet skis.
- For maximum effectiveness, the products we use for disinfecting have been recommended by OSHA and CDC.
- Plastic applicators will be added to equipment surfaces in which customer and crew hands frequently touch. These applicators will be sanitized on a regular basis and changed out periodically.

EVERYDAY OPERATIONS

- All equipment and machinery will be sanitized after each use.
- Outdoor common seating areas are also to be sanitized on a consistent schedule.
- Consistently monitor crowd levels both on the deck and at each activity.
- All staff is required to read and acknowledge health and safety protocols.
- Ensure all sanitary stations remain stocked with the proper supplies at all times
