

Star Light, Star Bright Cup

What you need:

- Foam cup
- Small glow stick or flameless tea light candle
- Black paint
- Fluorescent paint
- Paint brushes
- Toothpick or sharpened pencil

What to do:

- Paint your cup black and let dry
- Paint on stars and other designs using the fluorescent paint and let dry
- Use the tip of a sharpened pencil or toothpick and carefully poke holes into the cup

How to use it:

- Place glow stick or flameless tea light on a flat surface (a night stand works great) and turn it on
- Place the finished cup over the top of your light source
- Turn off the lights in the room and watch it glow
