

# Shark Puppet

## What you need:

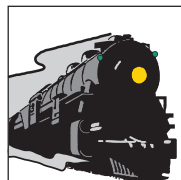

- Brown paper lunch bag
- Shark cut out
- Markers or crayons
- Glue stick
- Scissors

## What you do:

- Print out the shark image.
- Color your shark.
- Cut out the shark image.
- Arrange paper bag so bottom fold is visible. Open the fold and glue the two mouth pieces into place.
- Place your brown paper bag flat on the table. Put it with the opening down, so your hand can go in it and the flap (or bottom) up.
- Glue the top half, the head, of the shark to the bottom flap of the bag. The flap when opened and closed by your hand will work the mouth open and closed.
- Glue the bottom half to the lower part of the bag.

**Now you're ready to put on your own puppet show!**
