

Egg Carton Train

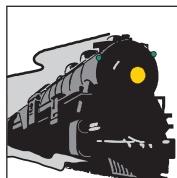

What you will need:

- Empty egg carton
- Empty toilet paper roll
- Scissors
- Paint or markers
- Glue
- Cotton balls

What to do:

- Using your scissors, cut the lid off the egg carton
- Cut the egg carton lengthwise
- Turn the egg carton over
- Color one of the ends black for the engine
- Color each egg crate a different color
- Color your toilet paper roll black
- Glue the toilet paper roll onto the black egg crate, this is your engine's steam stack
- Pull cotton ball apart and glue to the top of your toilet paper roll as a cloud of steam
