

Make Your Own Engineer Hat

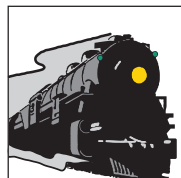

What you need:

- Printed template
- Card stock
- Markers
- Scissors
- Stapler

What you do:

- Print out the pattern onto your card stock
- Using your markers, decorate your hat
- Using your scissors, cut out the headband and then your hat
- Lay the headband out flat on the table
- Staple the hat to the headband
- Lift up your hat, and staple the ends of the headband together to make a circle and you are ready to wear your Engineer Hat
