

Popsicle Stick Lego Head*

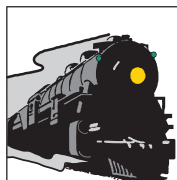

What you need:

- 12 regular-sized popsicle sticks
- Glue
- Yellow craft paint
- Paint brush
- Black card stock
- Yellow card stock
- Scissors

What to do:

- Glue popsicle sticks together in a fence formation, going ten next to each other and two across
- Paint the popsicle sticks with the yellow paint and let dry
- Take the card stock and cut out the features of the Lego guy's face (eyes, mouth and the top and bottom of the head)
- Glue the face to the popsicle sticks and let dry
