

## Build A Shape Locomotive

You are going to build a train using basic geometric shapes.

1. Print two (2) copies of this sheet.
2. Color and cut out the 10 pieces from one sheet. Leave the second sheet whole.
3. Lay the pieces out on the table next to this sheet so you can see each piece.
4. In order (1, 2, 3 and so on) glue each shape in the proper place.

#9 Big Square

#6 Small Rectangle

#7 Big Rectangle

#5 Big Triangle

#1 Circle

#2 Circle

#3 Circle

#4 Circle
