

Robot Pencil Holder*

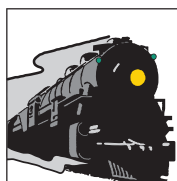

What you need:

- Clean, recycled vegetable or soup can
- Two large googly eyes
- Two milk container lids
- Two milk container lid-rims
- Three soda can tabs
- Craft glue or hot glue gun
- Flat craft paintbrush
- Acrylic craft paint

What to do:

- Paint the can and let dry
- Glue the googly eyes into the lids from the milk container
- Glue the milk containers to the can
- Take the milk lid rim and squeeze together into the shape of a mouth, then glue it onto the can
- Glue the soda tabs on to the can for ears and nose
- Fill with your favorite pencils
