

# Sock Caterpillars\*

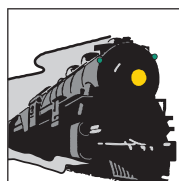

## What you need:

- Socks
- Small Rubber Bands
- Fabric Glue
- Stuffing
- Pipe Cleaner
- Googly Eyes

## What to do:

- Put stuffing into the toe of the sock making about a two-inch ball
- Take one of the rubber bands, pinching off the sock tie the band around it
- Add stuffing, forming another section of the body, pinch off and tie with the rubber band
- Keep repeating until you reach the end of the sock
- Wrap the pipe cleaner over the elastic by the toe of the sock, then twist a few times to make the antenna
- Using fabric glue, glue on the googly eyes
