

# No Sew Unicorn Sleep Mask

## What you need:

- White Felt
- Elastic
- Glitter Craft Fabric
- Black Puffy Paint
- Bright Puffy Paint Colors
- Hot Glue Gun
- Hot Glue Sticks
- Scissors
- Poly Fill (optional)

## What to do:

1. Take the white felt and fold in half.
2. Draw a half of a face mask shape or use a template to trace.
3. Cut out the first half and repeat the steps to create two masks. (They will become one)
4. Take the elastic and measure from one corner of the eye to the other, then cut it.
5. Take the glitter craft fabric and draw a horn and cut it out.
6. Lay one of the masks flat on a table and place the unicorn horn and glue down.
7. Glue one side of the elastic an inch into the side of the mask
8. Draw a bead of glue about 1/4 to a 1/2 inch around the mask, leaving a spot for the second edge of the elastic .
9. Lay the second mask on top, slide in the other edge of the elastic and glue shut.
10. After the glue cools and dries, flip the mask over and take the black puffy paint to draw two “U”s for the eyes and lines for the lashes.
11. Using the brightly colored puffy paint, draw lines for hair along the top edge.
12. Let the paint dry and enjoy a good nights sleep!
