

Statement on Current Health Concerns

March 19, 2020

The safety and health of you, your families, and ours, are our highest priority.

Vista Lago Adventure Park has been closely monitoring directions from the Center for Disease Control (CDC) and the California Department of Public Health as well as guidance from our local agencies. In response to the March 18th order from the County of San Luis Obispo for all county residents to shelter in place and cease all non-essential activities, **Vista Lago Adventure Park is canceling all events, programs, and activities from March 19th–April 10th.**

We will offer a full refund of all canceled adventures during this period, or you may reschedule to a later date . Please do not hesitate to contact us with questions regarding refunds or rescheduling of your day at our park. While the shelter in place directive is in effect, please understand that our staffing is extremely limited, and our response times may not be swift. Rest assured, we are monitoring this developing situation closely, staying in regular contact with local and federal agencies, health organizations, and other experts. We will do our best to keep you informed of our operations beyond April 10th, and we are planning on being reopened as soon as possible.

We are thankful for you and praying for you, your families, our community, and our nation.

If you have further questions please feel free to contact us 805.710.7970 or info@vistalagoadventurepark.com and follow us on Facebook and Instagram!
