

With this Corvid-19 virus around I would like to tell that we are running the tours as usual. If you're about to travel to Sweden and are worried about Corvid-19, or wonder about the numbers of guests on a tour due to it, please feel free to contact me and I give you the latest updates I have.

First I hope all of you guys we've meet on the tours are safe. I also want to tell that:

1. Our tours will run as usual. Both the public and private versions.
2. The tours are, with a few exceptions, all outdoors so if you want to you can maintain a distance from other travelers.
3. The tours have only shorter car/minibus journeys. 30-40min maximum between pick up/leaving Stockholm and the first stop. The tours have mainly 5-10min between the other stops.
4. When going on the tours please make sure you're not sick with corvid-19 symptoms. That to protect both the guides and the other guests that might join the tour.

I hope this message doesn't make any of you feeling bad but safety is the most important thing and we do take this serious. If you are unsure what to do please contact us on +46766457075 or info@timetraveltours.se.
