

New Fareharbor Affiliate Request

Pacific Historic Parks primarily uses Fareharbor for our reservations booking systems to provide exceptional customer service for our partners and affiliates. The system reduces errors from retyping reservation information, reduces time to book and confirm, reduces anxiety of waiting for a call or email back to confirm reservations and last eliminates the hassle. The following information is required for Fareharbor to add your new affiliate. After your request is submitted, keep an eye out for a response from FareHarbor. They'll reach out to you once your request is completed or if we have any questions.
