Groupe +20 persons 8,30€ VAT included / person

😊 1 free entry every 20 paid. Free entry for Guide and Bus driver. Minimum 10 persons. Limited to 30 persons per group.

**TOUR THEME**

This themed tour links the Art of fine lavender of Provence and environmental issues. The lack of water in our dry mountains, the interaction between lavender and bees, the delicate balance of the soil, ... A tour where we will exchange on subjects that concern us all !

**TOUR OUTLINE**

**1. Group's Welcoming** and distribution of the information leaflet of the Museum.

The visitors discover with our expert guide the differences between the wild lavenders, the endemic one from Provence, and the hybrids kinds, called «Lavandin».

Where they can be found, how to recognise them and how to make them grow.

😊 According to the season and organisation, this first botanical part can be explained in the garden of the museum. It can also be presented around the steaming still during a live distillation from July, 1<sup>st</sup> to August, 25<sup>th</sup>. In this case, visitors will learn about soils, healthy earth, rameal chipped woods, ecology in the museum's garden, and what a living soil is exactly.

🕒 10 minutes (+10 minutes if presented in the garden)

**2. Inside the projection room,** a documentary shot on our Family-owned Lavender estate Le Château du Bois, allows each visitor to follow the harvest of lavender, from cutting to distillation to obtain the most precious essential oil.

😊 A real movie room with 64 seats allows the visitors to dive into the universe of Provence's lavender.

🕒 10 minutes

**3. In the exhibition room** gathering the most beautiful collector's items, the guide tells the story of fine lavender, from the XVI Century to present days. The tour focuses on the preciousness of water, green alternatives to pesticides and the fabulous love story of lavender and bees.

😊 Up-to-date themes that concern every visitor, each one sharing their experiences and learning about effective and ecological solutions that everyone can apply at home.

🕒 35 minutes

**4. The tour ends** inside the elegant boutique of the museum. Each visitor is invited to discover the delicate fragrance of Fine Lavender essential oil, fine lavender niche perfumes and organic cosmetics.

The guide's explanations on their elaboration and their advice on their uses and benefits. The guide thanks the audience.

😊 The PDO Lavender of Haute-Provence (AOP) certification as well as the Ecocert organic and ecological label guarantee Made in Provence high-quality products.

🕒 10 minutes
