### Discover What Oaxaca Eats in 4 Hours!

In a city famous for its food, knowing where to start can be a challenge. A Oaxaca Eats Food Tour will introduce guests to delicious food and drink tastings to both well-known and off-the-beaten-path restaurants that guests might not find on their own but certainly shouldn't miss.

The 4-hour tour takes guests on a leisurely walk around Oaxaca Centro to 4 local restaurants. The tour is appropriate for most fitness levels. A local guide will share highlights about the art, history and culture of Oaxaca. At each tasting location, guests will be shown to a reserved table, offered refreshing beverages, and presented with various traditional food tastings like mole, tacos, and tamales. Restaurant staff and/or chefs will share the story behind the food and the history of the restaurant. Think of it as a culinary tour with a bit of history!
