Groups and Corporate Events

Welcome Aboard

Port Phillip Ferries is not just a passenger ferry service. We connect people and experiences, and we're on a mission to transform travel on the Yarra River and Port Phillip Bay, one cruise at a time.

Our services are enjoyed by daily commuters, leisure travellers, groups and corporate clients who wish to access the coast or the city with ease or just relax and socialize against the picturesque backdrop of the city skyline.

Port Phillip Ferries operate two purpose-built 35 metre 400 seats Australian-made and maintained catamaran ferries. Our dedicated and knowledgeable crew and hospitality staff ensure our passengers have a premium guest experience.

Onboard there is plenty of room for social distancing and a cafe serving fresh barista brewed coffee, snacks, and a fully licensed bar. Additional catering options to suit your occasion are available for charter departures.

All vessels are fully accessible with a lower deck providing access to the café, bathrooms, and fabulous views from large panoramic windows. Complimentary Wi-Fi, electronic device charging stations and guaranteed seating, including outdoor access via the rear and forward stairs, provide plenty of amenities to ensure your journey is a pleasant one.

We look forward to assisting with your inquiry and hope to be setting sail with you soon.

Group Cruises

(25 or more passengers)

Scheduled departures
