Capabilities:

Pipestone Rentals & Adventures specializes in providing Side by Side (UTV) Units that are available to rent in the event of a wildfire, natural disaster, or project work.

Rentals are available to the general public, governments, and can be delivered anywhere in the western US. UTVs are available on a daily, weekly, or monthly basis. Pipestone Rentals is able to customize a rental agreement to fit your specific needs. On-call agreements are available, and units can be delivered upon request.

Trailers are also available for rent. One helmet per seat will be included with every rental.

Utility UTV rental units include the Can-Am Defender, with seating for three (3) or six (6) people.

High performance UTV's are also available. These units have higher ground clearance, and are well suited for extremely rugged off-road terrain. Available models include Polaris RZR's with two (2) or four (4) seats.
