

INSPIRE THE NEXT GENERATION OF EXPLORERS WITH AN ANTARCTIC EDUCATION PROGRAMME THAT REACHES THE VERY HEART OF THE CONTINENT.

**ANTARCTICA
IS UNLIKE ANY
OTHER PLACE
ON EARTH.**

Its awesome landscape, intriguing wildlife and environmental significance is still as interesting today as it was to the first great explorers.

We're helping to prepare the next generation of explorers with a range of STEAM education programmes that have been carefully designed to suit the interests and learning needs of the modern student.

We organise a range of interactive curriculum-based programmes for Primary, Secondary, Tertiary, ESOL, international student groups and adult students. There are also a number of fun and highly entertaining programmes for sports teams, community groups and school holiday programmes.

Our interactive exhibits are equal parts education and entertainment, wholly unique and incredibly multifaceted. Antarctica is a big place, and we fit a lot of it within our exhibition and experience spaces.

FACILITIES & SERVICES

Courtesy light refreshments for tour guides and drivers.

Pre-booked? Our expert Antarctic Guides provide a free introduction to this wondrous place and semi-guided tour of the centre.

Quick stopover? We've got an express route for time limited groups, taking 45 to 60 minutes.

Free parking for cars and coaches.

Visitors get a free shuttle from city to centre and back again.

Got the t-shirt? Turns out Antarctica has a gift store.

From adrenaline to appetite, head to our cafe for snacks and group meal requests.

Luggage storage lockers for all your bits and bobs.

ANTARCTIC ACADEMY

**INTERNATIONAL
ANTARCTIC
CENTRE**

SEE IT. LOVE IT. SAVE IT.

WITHIN A CURRICULUM-BASED FRAMEWORK WE GUIDE STUDENTS THROUGH A RANGE OF INTERACTIVE ANTARCTIC EXPERIENCES.

HERE THEY WILL ENCOUNTER A NUMBER OF THOUGHT-PROVOKING ACTIVITIES.

EXPERIENCE THE SNOW, ICE AND BITING -18°C WINDCHILL TEMPERATURES OF ANTARCTIC WEATHER IN THE STORM ROOM.

STUDY THE CLIMATE, WILDLIFE AND MODERN-DAY CULTURE OF ANTARCTICA.

OBSERVE THE LITTLE BLUE PENGUIN RESCUE COLONY AND LEARN ABOUT THE CONSERVATION EFFORTS BEING MADE TO HELP THEM SURVIVE.

LEARN THE STORIES OF THE GREAT ANTARCTIC EXPLORERS AND THE LEGACIES THESE EXPLORERS HAVE LEFT FOR TODAY'S ADVENTURERS.

UNDERSTAND HOW SCIENCE, TECHNOLOGY, ENGINEERING, THE ARTS AND MATHS ARE HELPING TO PROVIDE INNOVATIVE PERSPECTIVES AND NEW OPPORTUNITIES.

LOOK TO THE FUTURE OF THE CONTINENT AND OUR CONTINUED EXPLORATION BEYOND OUR SHORES AND PLANET.

We also have a range of optional extras available. These include hair-raising Haggglund adventures, where our all-terrain Antarctic vehicles provide first-hand experience of the engineering and logistical challenges on the ice, and the thrilling fun of the 4D Theatre.

KEY THEMES

A place like no other

An introduction to the coldest, driest and windiest place on earth. What makes Antarctica so different from other continents?

Ecosystems today and tomorrow

Who eats what, and why? We explore the unique and fragile ecosystems of Antarctica and assess how climate change will impact both on the ice and around the planet.

A big view of the Little Blue

How does penguin conservation ensure the future of the species? Why is this important to the wider ecosystem?

1 The Storm Room

2 Little Blue Penguin rescue colony

Freeze frame

How we operate as a sustainable tourism business. How does tourism work here, and what are the wider environmental effects of visitors on the ice? Students will look at where the next selfie is leading us, both on the ice and closer to home.

Cool career

Where do engineering and technology provide new opportunities to increase knowledge? How can students learn more for their future careers?

Aerospace & Robotics

How are satellites used to count penguins in Antarctica? How are robots used to hunt for meteorites in the dry valleys and explore the Antarctic Oceans?

**VISIT
ICEBERG.CO.NZ/
ANTARCTICACADEMY
TO ENQUIRE.**

Life in the freezer

How do native animals and humans adapt to survive in extreme environments.

Fresh thinking

How does exploration, innovation and digital technology in Antarctica affect humanity at a local and global level?

Future forward with sustainability

How and why does the use of Antarctica's resources affect sustainability initiatives? What does this mean for the future of the continent?

Treaty vs treaty

Drawing on the context of the Treaty of Waitangi and other international treaties we ask, "Who owns Antarctica?"

**EXPLORERS.
ADVOCATES.
AMBASSADORS.**

AT THE INTERNATIONAL ANTARCTIC CENTRE EVERY TEAM MEMBER EPITOMISES THE VALUES OF OUR ORGANISATION.

We love sharing Antarctica with the world, educating our visitors on sustainability and climate change, and revealing the powerful story of yesterday, today and tomorrow within the icy continent.

The importance we place on these values can be seen in the expertise of our work, and in the quality of our education programmes.
