1

GET ON THE WATER

First we pick a boat or jet ski that interests you the most. Then we pick a day and get you on the water for an hour. You can go alone, with friends, and if you would prefer our guides to take the helm, we can arrange for that as well. Generally we prefer weekdays as weekends are crazy busy. But we are flexible.

2

TAKE GREAT PICS

This is where the magic happens! A picture says a thousand words (video a million) so take a lot! Our team is available to help if you ask. We just ask that you share your content with us after your adventure. Hiring pro photographers is \$\$\$\$\$ so sharing content helps us.

3

BLOG AND BACKLINK

SEO is so important for a small business like ours. We can't afford to hire someone so our family does it all. So please, if you have a blog or a place to write about your adventure, please do so and include a backlink with anchor text to rawwatersports.com

4

POST ON SOCIAL

Share your day on the water with your followers and tell them about the experience. We know you are going to have a blast and if you could help us spread the word about how easy it is to get on the water and the fun you had, we would sure appreciate it!

5

TAG US, SHARE, LIKE

Hopefully by now we are already following one another but we would love to borrow your audience for a few posts. Please tag us in your posts about your day and kindly re-share, like, comment on our posts from time to time.

That's it in a nutshell. We pick a boat or jet ski. Tell us how many in your party. Let us know if you need a captain or not. We agree on a day and time. You arrive at the marina just like a customer. We take you through the safety briefing and you're off.

You have a blast. We become friends. You use your network to help a local family-owned business grow.
