

ONE FISH, TWO FISH, RED FISH, BLUE FISH

October 8-12, 2018

Hawaii's coral reefs are home to thousands of species of fish. They come in all colors, shapes, and sizes. This week we will get acquainted with some of Hawaii's fish and learn about their unique behaviors, diets, and adaptations. Each day's field trip will provide campers with opportunities to explore different areas of the ocean and "meet" the fish that call it home.

	MONDAY October 8	TUESDAY October 9	WEDNESDAY October 10	THURSDAY October 11	FRIDAY October 12
