

## HUMPBACK HAPPY PLACE

### December 24-28, 2018

Humpback whales travel about 3,000 miles to Maui each winter to give birth to their young. This is one of the longest migrations of any mammal! This week Ocean Campers will become marine mammal experts as they learn all about what it takes to be a whale and what brings them here to Hawaii. We will end the week with a fun boat trip on which campers will have the opportunity to see humpback whales up close!
